

Honey Bee™ Freshener Soak 50C

Honey Bee™ Freshener Soak 50C is an aqueous solution of detergents and perfume designed for deodorizing aircraft toilets in place, toilet parts prior to service work and interior & cargo areas.

Conforms To

- AMS
 - AMS 1476B

Benefits

- Effectively combats offensive odors caused by accumulated residue in the toilet tanks.
- May be used in the rinse water of ground equipment used for servicing the toilets to prevent offensive odors from permeating aircraft interiors.
- May be used to deodorize toilet parts prior to maintenance work.
- May be used to deodorize contaminated cargo areas.
- Safe on aircraft structural metals.
- Provided in one-gallon bottles.

Properties

- Water-thin liquid
- Biodegradable
- Pleasantly scented

Notes Prior to Handling

Before using your Cee-Bee[®] products, all safety and operating instructions should be read and understood. If you have any questions, please contact your Cee-Bee[®] representative before proceeding.

Use Procedure

In-Place Treatment of Toilets During A Layover of Six (6) Hours or More

1. Drain all toilets and rinse with water.
2. Place ½ gallon (1.89 Liter) of Honey Bee™ Freshener Soak 50C into a single tank (15-gallon / 56 Liters capacity).
3. Fill each tank to above the flapper valves with fresh water.
4. Flush each toilet several times and allow to dwell in the tanks until the plane is returned to service.
5. Drain each toilet tank, but do NOT rinse.
6. Charge each toilet with Honey Bee™ Toilet Deodorant prime charge solution.

Toilet Cleaning

In Place

- To control malodors, spray the work area (toilet bowl, shroud, floor and sidewalls) with a 3% solution of Honey Bee™ Freshener Soak 50C 10 minutes prior to starting work.

In shop

- Toilets and toilet parts taken to the shop for work should be sprayed down with a 3% solution of Honey Bee™ Freshener Soak 50C at least 10 minutes prior to starting work. The toilets or parts should be rinsed with high pressure water spray.

Deodorizing

- Honey Bee™ Freshener Soak 50C can be used for treatment of malodors in the lavatory, toilet, galley and cargo areas.

For Use in Ground Service Equipment

- One-part Honey Bee™ Freshener Soak 50C to 100 parts water should be sufficient to sweeten the rinse water in the toilet service ground equipment.

Safety, Handling, and Precautions

- Avoid contact with eyes. For contact with eyes, flood with water. If irritation persists, seek medical attention.
- Do not take internally.
